Nanopresso, Grey Hard Case

The Nanopresso is packed with new features and capabilities which will drastically improve the way you prepare your favorite gourmet coffee on the go. Nanopresso is one of the best and most versatile handheld espresso machines currently available. A truly unique addition to your coffee toolkit!

The Nanopresso Grey is perfect for use in the field by operators where a discrete tactical color is needed.

Built around a patented pumping system, the Nanopresso is capable of reaching, with the help of your hands, a maximum of 18 bars (261 PSI) of pressure for unparalleled coffee extractions qualities. The Nanopresso works best with finely ground coffee that is tamped. It is delightfully easy to operate and simple to use. The Nanopresso requires 15% less force to pump compared to previous models. With Nanopresso, the power is in the machine, not in your hands. After each shot, Nanopresso maintenance takes only few seconds. When necessary, every component of the portafilter are easily separated for deep cleaning.

Color: Grey

Dimension 156x71x62 mm 6.14x2.8x2.44 in

Nanopresso Elements Lava Red

The Nanopresso Elements is packed with new features and capabilities which will drastically improve the way you prepare your favorite gourmet coffee on the go. Nanopresso is one of the best and most versatile handheld espresso machines currently available. A truly unique addition to your coffee toolkit!

The Nanopresso Elements Lava Red is perfect for use in situations where you don't have a need for concealment, as on vehicles, ships and airplanes where a bright color makes it easy to find when you need it and harder to misplace.

Built around a patented pumping system, the Nanopresso is capable of reaching with the help of your hands, a maximum of 18 bars (261 PSI) of pressure for unparalleled coffee extractions qualities. The Nanopresso works best with finely ground coffee that is tamped. It is delightfully easy to operate and simple to use. The Nanopresso requires 15% less force to pump compared to previous models. Nanopresso Capsules Adaptor

The Nanopresso Capsules Adapter allows you to use your Nanopresso together with our C4 and HALO small size capsules.

The advantage of using capsules is that the coffee is mechanically ground, measured, and tamped with a higher precision than you are capable of doing by hand. There is very little left for error, so your espresso is consistent every single time. Pods are both convenient and clean. The NS Adapter is compatible with a large variety of small size capsules offered by Nespresso®* and other Coffee brands. *Nespresso® is a third-party brand that has no connection with Operators Coffee Club.

Dimension 66x62x62 mm, 2.60x2.44x2.44 in

Weight 130 g, 0.29 lbs

Remark: NS Adapter can only be used on the Nanopresso.

Package include:

NS Adapter, soft carry bag, brush and instruction book (English/Chinese).

1 pc pr. box, 24pcs pr. carton

Carton Dimension: 34.8x18.5x30.8cm. G.W: 4.76kg., 10.5 lbs./carton

Reference number: 48970662300-CA

EAN: 4897066230092

NSN: 7310-22-631-5849

Nanopresso Barista Kit

The Barista Kit is a full set of accessories packed in a small container. It expands the Nanopresso capabilities by giving you the possibility to prepare double espresso (16 grams of ground coffee) up to 120ml.

Thanks to its high-pressure extraction of 18 bar, Nanopresso takes full advantage of the larger filter basket and surpasses the extraction quality of most home espresso machine. Coffee lovers will be pleased to enjoy unbelievably rich espresso. The double espresso basket is a unique feature that cannot be found in any other portable espresso machine.

Dimension 150x62x62 mm 5.90x2.44x2.44 in
Weight 270 g., 0.60 lbs.

Remark: The Barista Kit can only be used with the Nanopresso.

Package include:

The Large water tank (140 ml), the larger espresso cup, two double espresso filter baskets (16g of ground coffee) with cap, one single espresso filter basket (8g of ground coffee) with cap, the double espresso adapter ring, one tamper and the instruction book (English/Chinese).
